

TECHNICAL SERVICE BULLETIN

Part #:	OPD-06182020	Engine:	All Applications
Date:	07/12/2021	Title:	Crankshaft Wear Pad

Product Improvement

Due to extreme wear in the oil pump drive area, Blackwater Engines has installed a steel oil pump drive. This drive pad is made from heat treated 4140 steel and is an improvement over the OE grade of steel.
